

## 2023 PRODUCT CATALOG

Innovative Design &  
State-Of-The-Art Manufacturing  
QUALITY PRODUCTS MADE IN NEW HAMPSHIRE

## ABOUT US

Samson Manufacturing manufactures high quality firearms parts and accessories in Keene, New Hampshire at our state-of-the-art facility. Specializing primarily in the AR-15 market, Samson has a diverse and accomplished USA made product line including Kalashnikov handguards, optics and magnifier mounts, fixed and folding rifle sights and of course, the famous A-TM and B-TM folding stocks for the Ruger®Mini-14®, Mini-Thirty® and 10/22®.

With over 24 years of design, engineering, and manufacturing experience, Samson is the best choice for retail customers, firearms manufacturers with specialized project needs, and distributors. OEM projects and custom design builds give us the opportunity to prototype and produce custom, precision machined, CNC aluminum or plastic injection molded products to meet your company's unique demands. Our sister company SnF Finishing handles a variety of cerakote and anodizing projects.

Samson Manufacturing is also heavily invested in the competition, Law Enforcement, and military communities. We are always looking for a way to give back to those involved in the firearms industry. We currently sponsor a professional shooting team that competes regularly at national 3 Gun events. Samson Holds several U.S. Military contracts with units in every branch of the armed forces as well as USSOCOM. We supply our sights to both domestic and foreign military.

Support Samson Manufacturing and join a select group of shooters who demand nothing but absolute best in quality, price, and customer service.

## INTERNATIONAL (NON-USA) CUSTOMERS

Samson International is experienced in supporting our non-U.S. customers by exporting parts and accessories for firearms.

The U.S. government has two agencies that issue export licenses the Department of Commerce and the Department of State. Magnifiers, regulated as optical sights, require a Bureau of Industry and Security (BIS) Commerce license to most countries. Items sold for use in countries that cooperate in Crime Control restrictions, such as NATO, Japan, Australia & New Zealand do not require a license. Please note, Canada is still subject to the Firearms Convention and requires a license from BIS.

Samson International is registered with the Directorate of Defense Trade Controls (DDTC). When required, Samson is able to apply for licenses with the appropriate documents from the importer, which include an original government-issued import permit stating a specific validity period. The license application we submit must match what is listed on a single Purchase Order. The Purchase Order value needs to be stated in U.S. dollars, must be signed and dated, and be printed preferably on your company's letterhead. Information must include the product description, part number, quantities and pricing. All supporting documentation must be scanned as a PDF document so we can upload it with the license application.

**Our mission at Samson International is to provide fast and reliable export services.**

**For more information regarding International sales, please direct your queries via email to Cathy Samson at [cathy@samson-mfg.com](mailto:cathy@samson-mfg.com).**

# NEW PRODUCT OVERVIEW

## NEW 7 SIDED M-LOK® SXT HANDGUARD

Our newly redesigned **SXT HANDGUARD** features ambidextrous integrated **STEEL** QD sling points on this 7 sided M-LOK® rail. Includes 2" M-LOK® picatinny attachment in addition to; barrel nut, barrel nut wrench, and allen wrenches. Available in several different lengths. **Check out our website for all lengths.**

**PART NUMBER:** 01-06129-01

## M-LOK® POLYMER VERTICAL GRIP – MEDIUM, GRENADE

Our medium grenade style vertical grip is now available in polymer, and utilizes our current aluminum M-LOK®, KeyMod™ and Evolution mounting system.

**PART NUMBER:** 04-05118-18

## B-TM BULL BARREL FOLDING STOCK FOR THE RUGER® 10/22®

Our popular Ruger® 10/22® Folding Stock is now available for heavy barrel configuration. **Available in stainless and black oxide.**

**PART NUMBER:** STAINLESS 10-00046-00 | BLACK OXIDE 10-00046-03

## FOLDING STOCK FOR THE RUGER® AC-556

Our popular Ruger® Mini-14® Folding Stock is now available for the AC-556. **Available in stainless and black oxide.**

**PART NUMBER:** STAINLESS 10-00043-00 | BLACK OXIDE 10-00043-03

\*00 SLING ADAPTER NOT INCLUDED

## AC-556 STYLE GAS BLOCK FRONT SIGHT

Our reengineered version of the original AC-556 style gas block front sight with integrated sling attachment point.

**PART NUMBER:**

**2007 AND EARLIER:** STAINLESS 02-00070-00 | BLACK OXIDE 02-00070-03

**2008 AND LATER:** STAINLESS 02-00068-00 | BLACK OXIDE 02-00068-03

\*OPTIC NOT INCLUDED

## MICRO T1, AK REAR SIGHT RAIL

The latest version of our popular RSR, is a low-profile direct mount option for the Aimpoint T1 and other optics with a similar footprint.

**PART NUMBER:** 03-00300-03

## 34MM + 35MM RAPID PRECISION MOUNT [RPM]

The Samson RPM with 2" offset features a lightweight optic mount design that doesn't compromise on durability or accuracy.

**PART NUMBER:** 34mm 03-00235-01 | 35mm 03-00236-01

# A-TM FOLDING STOCK

For the Ruger® Mini-14® & Mini Thirty® Rifles\*

Drop-In Folding Stock for Ruger® Mini-14®, Mini Thirty®, and AC-556 Rifles

The **A-TM FOLDING STOCK** is just like the one made famous by the hit TV series in the 80s. Using the original molds and design from Ruger®.

The **A-TM FOLDING STOCK** incorporates a dark stained walnut stock and stainless steel construction, and features a drop-in fit using your pre-existing Ruger® Mini-14® Rifle components.

**AVAILABLE IN BLACK OXIDE OR STAINLESS FINISH.**

OFFICIALLY LICENSED RUGER® PRODUCT

**RUGER**

MANUFACTURED BY SAMSON MANUFACTURING  
UNDER LICENSE FROM STURM, RUGER & CO., INC.

Drop-in Your Original Ruger® Mini-14®  
or Mini Thirty® Receiver, Bolt Assembly, and Barrel

**A-TM FOLDING STOCK FOR RUGER® MINI-14®/MINI-THIRTY®**

**PART NUMBER:** STAINLESS 10-00001-00 | BLACK 10-00001-03

**FOLDING STOCK FOR THE RUGER® AC-556**

Our popular Ruger® Mini-14® Folding Stock is now available for the AC-556. Available in stainless and black oxide.

**PART NUMBER:** STAINLESS 10-00043-00 | BLACK OXIDE 10-00043-03

Ruger® and Mini-14® are trademarks of Sturm, Ruger & Co., Inc.

**\*NOTE:** The A-TM Folding Stock is designed for Mini-14® rifles with serial numbers 181-xxxxx and higher and all Mini Thirty® rifles.

## HANNIBAL™ RAIL FOR THE RUGER® MINI-14®, MINI-THIRTY®, OR AC-556

Directly mount a micro red dot forward of the action without the need for a Picatinny rail clamp adapter. The integrated Picatinny rail on top of the Hannibal Rail is perfect for mounting any accessory your heart desires, and gives your rifle a more tactical look.

**2007 OR EARLIER:**

**PART NUMBER:** NATURAL 03-00268-11 | BLACK 03-00268-01

**2008 OR LATER:**

**PART NUMBER:** NATURAL 03-00265-11 | BLACK 03-00265-01

\*QD SLING NOT INCLUDED

## SWIVEL STUD QD ADAPTER

The Samson **SWIVEL STUD QD ADAPTER** mounts to any swivel stud on a firearm and allows the attachment of a QD sling swivel.

**MINI-THIRTY® (26) RD MAGAZINE**  
**PART NUMBER:** R-M-30-26

# B-TM FOLDING STOCK

For the Ruger® 10-22®

The **B-TM FOLDING STOCK** has the same classic look of its bigger brother (the A-TM Folding Stock), and incorporates a dark-stained walnut stock, black oxide or stainless steel construction, and features a drop-in fit using your pre-existing Ruger® 10/22® Carbine components. Recommended for use with Optics or High-Profile Sights.

**AVAILABLE IN BLACK OXIDE OR STAINLESS FINISH.**

OFFICIALLY LICENSED RUGER® PRODUCT

**RUGER**

MANUFACTURED BY SAMSON MANUFACTURING  
UNDER LICENSE FROM STURM, RUGER & CO., INC.

**B-TM FOLDING STOCK FOR RUGER® 10/22®**

**PART NUMBER:** STAINLESS 10-00037-00 | BLACK 10-00037-03

**B-TM BULL BARREL FOLDING STOCK FOR THE RUGER® 10/22®**

Our popular Ruger® 10/22® Folding Stock is now available for heavy barrel configuration. Available in stainless and black oxide.

**PART NUMBER:** STAINLESS 10-00046-00 | BLACK OXIDE 10-00046-03

## B-TM SIGHT PACKAGE

Our **B-TM SIGHT PACKAGE** helps provide a more comfortable and natural cheek weld. The rear aperture sight is fully adjustable for windage and features protective shoulders. The integrated Picatinny rail section allows shooters to mount an optic that will co-witness with the iron sights. The winged front sight is fully adjustable for elevation, mounting to the factory dovetail.

**PLEASE NOTE:** Dovetail barrel required for installation, will not fit models without factory iron sights.

**PART NUMBER:** 04-04082-01

## B-TM HEAT SHIELD

The **B-TM HEAT SHIELD** is the perfect replacement for the factory heat shield on your Ruger® 10/22® carbine rifle.

**PART NUMBER:** 04-04095-18

## B-TM BARREL BAND

The **B-TM BARREL BAND** replaces the factory barrel band on Ruger® 10/22® rifles and allows the attachment of a QD sling swivel. The band can be removed and flipped for the swivel mount to be located on the left or right side of the rifle.

**PART NUMBER:** BLACK 04-04081-01 | NATURAL 04-04081-11

## B-TM FLASH HIDER

The **B-TM FLASH HIDER** for the Ruger® 10/22® traps unburned powder particles until full combustion is completed, helping to reduce flash. The slip-on fit to the standard 10/22® rifle barrel is secured with a single set screw... no gunsmithing required.

**PART NUMBER:** BLACK 04-06062-03 | STAINLESS 04-06062-00

## SWIVEL STUD QD ADAPTER

The Samson **SWIVEL STUD QD ADAPTER** mounts to any swivel stud on a firearm and allows the attachment of a QD sling swivel.

**2 PACK BLACK OXIDE PART NUMBER:** 04-06079-03

**2 PACK STAINLESS PART NUMBER:** 04-06079-00

**1 PACK BLACK OXIDE PART NUMBER:** 04-06082-03

**1 PACK STAINLESS PART NUMBER:** 04-06082-00

# HANDGUARDS & ACCESSORIES

For over a decade we have set the standard for handguards and free-floating modular rail systems. Military, Law Enforcement and competitive shooters trust their lives and matches to the AR-15 platform. The fully customizable weapon system demands accessories that can keep up.

Our wide range of handguards accommodates almost any shooter. Whether it's an **AR-15, 308/AR-10, Kalashnikov, SIG Sauer, Ruger, or H&K** – you choose the firearm that is right for you, and we will provide the best aftermarket handguard solution money can buy.

We have drop-in and free float AR-15 rail systems available in multiple configurations. Our **SXT Handguards** are slim, light, and M-LOK® compatible. The **STAR** rail is a great choice for shooters who need a 2-piece full quad rail design. Our proprietary **EVOLUTION Handguards** are designed to be lightweight, customizable and modular. Evolution Handguards are also available in KeyMod configurations. We offer variety of M-LOK®, KeyMod™, or Evolution accessories for whatever handguard you choose.

We've added an 18" length handguard to our SXS Lightweight line for .308s (762). Just like our 15" version, we took our solid-mounting SXS rail system and skeletonized it to make it much lighter – light enough for competition, yet rigid enough for professional use.

The CNC machined fourth axis cut vent holes aid in barrel cooling and the ergonomic shape encourages rapid follow-up shots. An interrupted 12 o'clock M1913 Picatinny rail includes M-LOK® attachment points as do the 3, 6 and 9 o'clock positions. This is designed to fit high profile receivers.

Our newly designed **SXT HANDGUARD** features ambidextrous integrated **STEEL** QD sling points on this 7 sided M-LOK® rail. Includes 2" M-LOK® picatinny attachment in addition to; barrel nut, barrel nut wrench, and allen wrenches.

Our MP5 Rail also works on all MP5 clones including; Century AP5 and Zenith ZF-5

# HANDGUARDS & ACCESSORIES

Samson Manufacturing offers a full range of handguard and handguard accessories. We have accessories that fit your **M-LOK®**, **KeyMod™**, and **Evolution handguards** — including **Vertical Grips**, **Handstop/Barricade Stabilizers**, **Mounts**, **QD Sling Points**, **Bipod Mounts**, **Sights**, **Accessory Rails**, and more. We have a handguard for just about every weapon system you're shooting. Available in lengths from 4 inches to 14 inches.

## NEW 7 SIDED M-LOK® SXT HANDGUARD

Our newly designed **SXT HANDGUARD** features ambidextrous integrated **STEEL** QD sling points on this 7 sided M-LOK® rail. Includes 2" M-LOK® picatinny attachment in addition to; barrel nut, barrel nut wrench, and allen wrenches.

PART NUMBER: 15" 01-06129-01

See our website for all sizes.

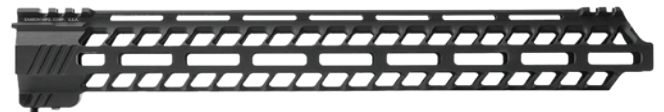

**MPX Handguards** are available in 4.5", 8" and 14" for the SIG MPX.

STAR-9

Evolution KeyMod™

SXS Lightweight .308

See our website for all designs and sizes.

Sig 556 Quad Rail

LOW PROFILE M-LOK® HAND STOP PART NUMBER: 04-01040-01  
M-LOK® HAND STOP/BARRICADE STABILIZER PART NUMBER: 04-01021-01

Our **Hand Stop/Barricade Stabilizers** are available in M-LOK®, KeyMod™, or Evolution. Machined from aircraft grade 6061-T6 aluminum, each style features an aggressive waffle cut for gripping barricade surfaces. Used as a hand stop, it keeps your hand from moving forward of the handguard for safety with short-barreled rifles.

Introducing the Samson **Low Profile M-LOK® Hand Stop**. It's contoured to provide a more comfortable interface with your hand. The slim design will take up less space on your handguard for a more minimalistic appearance, but still give the user all the features they need.

# HANDGUARDS & ACCESSORIES

*Check out our latest handguard accessories at [samson-mfg.com](http://samson-mfg.com)*

Samson **Vertical Grips** are made of solid aluminum with a steel center rod for maximum strength and are available with **M-LOK®**, **KeyMod™**, or **Evolution** attachments.

*See our website for all styles.*

*Mid-length grenade style now available in polymer.*

Samson **Accessory Rail Kits** come in 2, 4, and 6 inch lengths in M-LOK® and KeyMod™ attachments, and 2, 4, 6, and 8 inch lengths in Evolution attachments. Each rail is precision machined to 1913 Picatinny spec to allow mounted accessories a seamless attachment to the handguard.

*See our website for all styles.*

Our **Bipod Mounts** are made from stainless steel and are available for **KeyMod™**, **M-LOK®** and **Evolution** mounting systems. Each are compatible with all Harris-style bipods.

**KEYMOD BIPOD MOUNT PART NUMBER:** 04-02020-01  
**M-LOK® BIPOD MOUNT MOUNT PART NUMBER:** 04-01017-01  
**EVOLUTION MOUNT PART NUMBER:** 04-03028-01

Our **QD Sling Points** feature a limited rotation mounting point that only allows the sling swivel to rotate 90 degrees. The simple and small design reduces the amount of space needed to attach your sling to your handguard. Available for **KeyMod™**, **M-LOK®** and **Evolution** attachment points. We also offer **HK-style** slingpoints with **KeyMod** or **Evolution** attachment points.

*See our website for all styles.*

Our **Offset Light Mount** was originally produced for the Ruger® PC Carbine™ but it also works equally well on any long gun using a Picatinny rail. Now it's easy to add a weapon-mounted flashlight while still being able to use the sling swivel stud.

**PART NUMBER:** 04-06051-01

# FIELD SURVIVOR

The **Samson Field Survivor** is all you need to have an efficient tool kit on your rifle. Imagine having every tool you need to get your rifle back into service, directly from your pistol grip. The Field Survivor is a multi-tool system that has a patent-pending mechanism which secures inside the grip. Simply insert the Survivor into your grip and twist the base to lock it in place.

The **Field Survivor 1** (FS-001) fits all A2 pistol grips, Hogue AR15 Rev B grips and Ergo 2 grips. The FS-001 is also available packaged with a Hogue grip.

**PART NUMBER:** 05-00001-01

The **Field Survivor 2** (FS-002) fits the AR Magpul Miad® and MOE® pistol grip (not the MOE+).

**PART NUMBER:** 05-00002-01

The **Field Survivor 3** (FS-003) fits the Hogue AK-47 pistol grip.

**PART NUMBER:** 05-00003-01

A2 MANUAL REAR SIGHT: 02-00039-01

HK MANUAL FRONT SIGHT: 02-00038-01

HANDSTOP/BARRICADE STABILIZER: 04-01040-01

SHORT GRENADE VERTICAL GRIP: 04-05102-01

8" MPX M-LOK® HANDGUARD: 01-04031-01

# MOUNTS

## Quick Release, Bolt-On & Specialty Mounts

Samson offers a complete line of quick release mounts for nearly any optic or magnifier on the market. The Quick Release (QR) mounts feature our patented quick release system with guaranteed return to zero and one-hand operation. The system is completely adjustable to ensure a secure fit on all Picatinny rails. Our flip-to-side (FTS) line of products feature our patented FTS system, which allows the operator to remove a magnifier or NVD from the sighting plane when not needed. Our QR mounts are also available in the bolt-on format.

Samson also offers scope, red dot, ACOG™, night vision, and thermal mounts. We even offer flip-to-side magnifier mounts.

If you need a rugged and reliable mount, look no further than Samson!

Check out the Mount Accessories section of our website and browse through our replacement scope rings, mounting adapters, and mounting plates to see if you can reconfigure the mount you already own!

See our full line of mounts at [samson-mfg.com](http://samson-mfg.com)

Samson **QR Base with Flip-to-side Mount** incorporates our patented spring assisted flip — excellent for shooters who require a quick release solution for optics and accessories.

**PART NUMBER:** 03-00131-01

The Samson **Rapid Precision Mounts (RPM)** feature a lightweight design that doesn't compromise on durability or accuracy. Integrated into the clamp cross bolts are two steel recoil lugs to eliminate scope base movement during heavy recoil to better maintain zero.

**30MM PART NUMBER:** 03-00234-01

**34MM PART NUMBER:** 03-00235-01

**35MM PART NUMBER:** 03-00236-01

Samson **DMR Scope Bases** feature rugged styling, tested return-to-zero capability, and one-handed quick release locking mechanisms. We offer these scope mounts in a variety of ring sizes – 30mm, 34mm, 35mm, and 1", as well as offsets of 0" to 3". Plus, all are available with a 20 MOA Bias for precision long range shooting.

**See our website for all styles.**

**GoPro® Mounts** are available with either M-LOK® or KeyMod attachments.

**M-LOK® 90° GOPRO® MOUNT PART NUMBER:** 04-01036-01

**M-LOK® DIRECT GOPRO® MOUNT PART NUMBER:** 04-01037-01

**KEYMOD 90° GOPRO® MOUNT PART NUMBER:** 04-02023-01

**KEYMOD DIRECT GOPRO® MOUNT PART NUMBER:** 04-02024-01

**QR Trijicon MRO Mount (left) and the Bolt-On Trijicon MRO Mount.**

**MRO MOUNT PART NUMBER:** QR-MRO-1-53

**BOLT-ON MOUNT PART NUMBER:** 03-00143-01

The Samson **Quick Release Cantilever Mount** for 30mm Red Dot places the center of the red dot 1.53" from the center of the Picatinny rail. For use with Aimpoint Comp 3, Aimpoint PRO, or Aimpoint CRO.

**PART NUMBER:** QR-REDDOT

Combining a **Quick Release Aimpoint Comp** (M2/M3/M4) base with a cantilevered front rail section allows the shooter to shift the base back onto the upper receiver, eliminating the need for "bridging the gap" onto the handguard.

The QR base aligns your Aimpoint Comp at M4 height (perfect co-witness) and gives operators and shooters the quick release adaptability they require.

The Samson **QR Mount for Leupold® DeltaPoint Pro™** enables you to achieve a lower 1/3 co-witness with your backup iron sights

**PART NUMBER:** 03-00141-01

Some customers prefer a bolt-on optics mount over a quick release system. For these shooters we offer the **Samson bolt-on optic mount** to fit their Aimpoint® T-1, H-1 and Comp M5 red dot sights.

**PART NUMBER:** 03-00139-XX

# SIGHTS

## Fixed & Manual Folding

Fixed and manual folding back up iron sights (BUIS) are a must on a modern battle rifle. We have many options available to suit any shooter or weapons system. **We also offer specific options for the SIG Sauer 522, 556 and 556R.**

Sights are available packaged as pairs (front and rear) or sold separately.

### QuickFlip® Front and Rear Sights

**QuickFlip® sights** incorporate a push button, spring-loaded mechanism, which locks in the folded as well as deployed position. QuickFlip® front sights are available in either HK or A2, and rear sights are available in A2. HK front/A2 rear, and A2 front/A2 rear packages sets are also available.

### Samson True Back Up Sights

have a single .160 aperture—small enough for accurate shooting yet large enough to still be of use in low light.

### These IFD-Style Manual

**Folding Rear Sights (A2)** are production overruns for the backup iron sights (BUIS) that Samson designed and manufactured for the Israeli Defense Forces (IDF).

**Fixed Front and Fixed Rear Sight Packages** (HK front/A2 rear or HK front/SP rear)—The durable construction and solid mounting system guarantees you to stay on zero.

### Samson Manual Folding

**Sights** are the most robust combat sights on the market. Accepts all aftermarket front sight post replacements with MIL-SPEC dimensions. Sights are packaged as HK front and A2 rear, HK front and SP rear, or sold individually.

See our full line of sights at [samson-mfg.com](http://samson-mfg.com)

# ACCESSORIES FOR YOUR RUGER® PC CHARGER™ OR PC CARBINE™

Be sure to visit our website often for additional product information,  
plus great deals on clearance items throughout the year!

The Samson **PC Compensator** for the Ruger® PC Charger™ and PC Carbine helps tame recoil and muzzle rise for reduced split times and faster recovery between shots. This compensator installs in minutes without the need for gunsmithing using a threaded bushing and a single mounting screw.

**PART NUMBER:** 04-06073-01

The Samson **Extended Magazine Release** for the Ruger® PC Charger™ is machined with a unique profile that promotes rapid mag changes while preventing unintentional mag drops. The Extended Magazine Release also fits the Ruger® PC Carbine™. Attaches using the existing mounting hardware from your PC Charger™ or PC Carbine™.

**PART NUMBER:** 04-06067-01

The Samson **Charger Handle** for the Ruger® PC Charger™ has a larger footprint featuring machined flutes to provide a better grip when running the bolt. The Samson PC Charger Bolt Handle will also fit the Ruger® PC Carbine™. Attaches using the existing mounting hardware from your PC Charger™ or PC Carbine™

**PART NUMBER:** 04-06068-01

Originally produced to mount a light on Ruger's PC Carbine™, our **Offset Light Mount** works equally well on any long gun using a Picatinny rail.

**PART NUMBER:** 04-06051-01

Our **PC Scout Rail** replaces the front and rear sights on your PC Carbine™ and allows you to attach BUIS, Scopes, Red Dot Sights, or Night Vision devices. Due to the PC Carbine's unique takedown feature, mounting the optic to the barrel assembly maintains zero and increases repeatability that receiver-mounted options can't match. This rail is the same height as the integrated rail on the rifle's receiver.

**PART NUMBER:** 04-04056-01

# AK ACCESSORIES

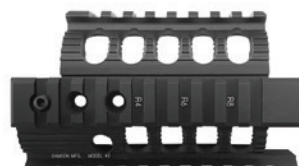

The **K-Rail Model 1**. Available for standard Klashnikov, and Saiga models. Model 1-C fits M70 receivers only.

**PART NUMBER:** K-RAIL-MODEL-1

The **K-Rail Model 2** fits most Yugoslav M92 variants.

**PART NUMBER:** K-RAIL-MODEL-2

The **K-Rail Model 3** fits most Bulgarian Krinkov models.

**PART NUMBER:** K-RAIL-MODEL-3

The **AK-47 Rear Sight Rail (RSR)** provides a mounting interface for various specialty sights and accessories. The all-steel RSR Mount attaches directly to the rear sight mount on the AK-47.

**PART NUMBER:** 01-02024-01

The **AK-47 Cheek Rest** is the answer for proper long gun cheek weld and better accuracy without giving up the convenience and compactness of the forward folding AK-47 stock.

**PART NUMBER:** AK-U-ADJ-CR

The **Field Survivor 3 (FS-003)** fits the Hogue AK-47 pistol grip.

**PART NUMBER:** 05-00003-01

The Samson **AK 9mm Compensator** was originally designed for AK's chambered in 9mm, but is also compatible with other AK's with calibers equal to and smaller in diameter to 9mm.

**PART NUMBER:** 04-06038-13

**Thread Adapters for AKs.** The 14-1LH to 1/2x28 and 14-1LH to 5/8x24 thread adapters index on the muzzle of the barrel, providing a more uniform and tighter lockup than versions that index on the front sight base. They'll maintain concentricity with the bore to ensure trouble-free performance and eliminate baffle strikes from poorly fitting adapters.

**1/2X28 PART NUMBER:** 04-06048-12

**5/8X24 PART NUMBER:** 04-06049-12

CHECK OUT OUR MAG COUPLER AT  
SAMSON-MFG.COM

The Samson **+2+ Magazine Extension for the GLOCK G43** provides +2 capacity for factory magazines. The +2+ relief cut aids in extracting magazine when clearing Type III (double-feed) malfunctions and for one-handed malfunction clearing. The grip design allows better control of the pistol during recoil. Available in anodized black.

**PART NUMBER:** 04-06061-01

The Samson **Shield Carry Contour Magazine Extension** for the M&P® 9 Shield™ provides +1 capacity for both 7 and 8 round magazines. It not only allows you to carry more ammo, it also aids in your ability to clear malfunctions. Available in black and natural (gray).

**PART NUMBER:** BLACK 04-06032-01 | GRAY 04-06032-11

The **Samson Shield Pocket Comp** designed to fit 1/2 x 28 threaded barrels, is compatible with the M&P® 9 Shield™, M&P® 9™ Shield M2.0™, and M&P® 9 Shield™ Plus. Installation is quick and does not require gunsmithing. Available in either black or natural (gray).

**PART NUMBER:** BLACK 04-06031-01 | GRAY 04-06031-11

The **Shield Compact Magwell** is available in black and natural (gray) This one-piece, no-gunsmithing magazine well brings even more control to Smith & Wesson's M&P® 9 SHIELD™ and M&P® 40 SHIELD™. You will be able to establish a full firing grip which increases your control for rapid shot recovery.

**PART NUMBER:** BLACK 04-06028-01 | GRAY 04-06028-11

Upgrade your Ruger® Wrangler® or New Model Single-Six® .22 LR single action revolver with the Samson **Enhanced Ejector Rod**. With a larger button, ejecting spent cases is easier and helps speed up the reload process. Made of stainless steel for durability and longevity.

**BULLSEYE MATTE STAINLESS PART NUMBER:** 04-04087-00

**BULLSEYE BLACK OXIDE PART NUMBER:** 04-04087-03

**CRESCENT MATTE STAINLESS PART NUMBER:** 04-04088-00

# PISTOL/REVOLVER ACCESSORIES

# ACCESSORIES

You don't stop with just a new handguard, and neither do we. We offer a wide range of firearm accessories to customize your weapon exactly the way you want. If you are looking to take your firearms to the next level without breaking the bank, then check out our latest rail accessories, parts, armorer tools, and more at our website, [samson-mfg.com](http://samson-mfg.com).

When completing a build, every ounce counts. That's why we designed our **Lightweight Low-Profile Gas Block** to be as light as possible, yet strong enough for serious use. Available for barrel diameters of .750" (0.63 oz.) or .625" (0.61 oz.).

**.750 PART NUMBER:** 04-06022-13

**.625 PART NUMBER:** 04-06025-13

Samson M-LOK® **Earplug Holders** allow you to attach your favorite triple flange earplugs onto any M-LOK® compatible surface. Includes a pair of triple-flange earplugs.

**PART NUMBER:** 04-01042-01

**Quick Flip Stock** for AR-15/M-4 Carbines. Allows the user to minimize the profile of their weapon during storage.

**PART NUMBER:** 04-05064-01

We also have barrel nuts, rail accessories, and magazine accessories.

The Samson **SPD Tool-1** is a pocket-sized disassembly tool for many Sig Sauer pistols (P220, P225, P226, P228, P229, P239 and P245 DA and SA pistols).

**PART NUMBER:** SPDTOOL

The **SPD Tool-2** contains all of the necessary tools to disassemble your model K, L or N revolvers.

**PART NUMBER:** SPDTOOL-2

The Samson **SOPROD™** returns gun-mounted, cleaning rod capabilities to firearms equipped with stocks featuring battery compartments. Designed to fit all battery-compartment style adjustable stocks on the market, the SOPROD™ enables users to clear stuck cases and other bore obstructions.

**PART NUMBER:** 04-05063-01

Samson's **9mm AR Compensator** was originally designed for AR's chambered in 9mm, but is also compatible with other AR's with calibers equal to and smaller in diameter to 9mm. Additional weight and venting keeps the muzzle in place during rapid strings of fire.

**PART NUMBER:** 04-06036-13

Adjust your sight elevation on any MIL-SPEC front sight post with this **Sight Adjustment Tool** from Samson Manufacturing.

**PART NUMBER:** SSAT

The **Samson Grip Blade Raptor Claw** is designed for MIL-SPEC, Hogue and some Ergo grips. Features a stainless steel blade with integrated bottle & can openers, 2 spare firing pin retaining pins, and a 1/2 inch hex wrench.

**PART NUMBER:** 05-00005-01

SHOOTY  
-THINGS-

Samson

Your favorite **Samson Shooty Things** tee is now available in a hoodie. Throw it on, carry on.

[See our website for sizes](#)

**PART NUMBER:** ShootyThingsHoodie

Retire your ratty range shirt to the upside-down, put on this smooth as butter, **Samson Shooty Things tee**.

**PART NUMBER:** SAMSON-TEE

Our **Samson G.I Joe tee** will bring up generations of "Real American Hero" nostalgia.

**PART NUMBER:** SAMSON-TEE

Upgrade your EDC with the **Samson Wallet**. Made from aluminum and stainless steel, this wallet keeps up to seven standard-size credit cards/ID cards handy and secure with RFID protection as a bonus. This minimalist design features a stainless steel money clip on the back, which securely holds your cash. BONUS feature, it even has two built-in bottle openers - cheers!

RFID protection | Integrated bottle opener | Made from aluminum and stainless steel (because elastic is for underwear) | Made in USA

**PART NUMBER:** PLAIN 04-05062-xx | SHOOTY THINGS 04-05062-01

**PART NUMBER:** FOOL-PATCH

**PART NUMBER:** SAMSON-ODG-PATCH

**PART NUMBER:** SHOOTY-THINGS-PATCH

Samson's custom-made **Samson PVC patch** is made of durable plastic polymers and 3D sculpted resulting in a clear and detailed design.

# TEAM SAMSON

Samson believes in the team concept. When you attend a major match with Samson Manufacturing, you'll notice we do a few things differently. Our shooters squad together, plan stages together, and share a bond that obviously transcends the competition. We make decisions as a unit. We are all friends, and it shows.

Because we all shoot the same rifles, the same ammo, and wear the same jerseys, we are all able to represent our company and sponsors in a far more meaningful way. We have built a reputation of professionalism and love of the sport that no other team has been able to replicate.

Every sponsor on our jerseys has made our participation possible in a big way. We don't trade product for logo placement. We partner with people that are committed to our success and industry-wide leadership. Our sincerest gratitude goes out to those companies that make everything possible!

**BRYAN RAY | PRO SHOOTER | HOMETOWN: ELIZABETHTOWN, KY**

Introduced to practical shooting in 2001, Bryan loves the personal challenge the sport offers, the great competitors, and the cool equipment he gets to play with. He enjoys giving back to the sport by volunteering as a Range Officer at local and major matches. In the past, Bryan has been the Match Director for 3-gun competitions at Rockcastle Shooting Center.

**HANDGUN:** Mod 1 Glock 34

**RIFLE:** DoubleStar 3GR

**SHOTGUN:** Beneli M1

**OPTIC:** Vortex Razor 1-6

**BRIAN VAUGHT | PRO SHOOTER | HOMETOWN: ELIZABETHTOWN, KY**

Brian started shooting competitively in early 90s with USPSA and moved on to 3 gun which took him to several dozen major matches across the country in the past decade. He also volunteers his time as range officer at major 3 gun matches as well as shooting events for veterans and disabled individuals ...who love to shoot as well.

**HANDGUN:** A MOD1 Sig p320

**RIFLE:** Doublestar 3GR

**SHOTGUN:** RAS Beretta 1301

**OPTIC:** Vortex Razor 1-6, or Vortex UH-1 dot
